

Medical Mutual Renews Contract with UC Health

McGohan Brabender has learned that Medical Mutual has reached an agreement with UC Health (formerly the Health Alliance of Greater Cincinnati), a Cincinnati-based health system, to continue to provide in-network services to their members. The contract termination announced in May has been canceled.

According to Medical Mutual, there was no interruption in network status. Therefore, claims for services received from UC Health will continue to be paid according to the terms of the agreement. Claims adjustments will not be necessary. Members will continue to have in-network access to the following UC Health facilities: University Hospital, University Pointe Surgical Hospital, Fort Hamilton Hughes Hospital, West Chester Medical Center, the Drake Center, Alliance Primary Care and Fort Hamilton Professional Physicians.

Members who have visited an Alliance Primary Care or Fort Hamilton Professional Physicians provider or UC Health facility in the past six months, as well as members residing in Hamilton, Butler, Clermont, Warren, Clinton, Highland, Adams, Brown and Dearborn counties, will receive a letter notifying them of this development.

Please contact your McGohan Brabender account team with further questions at (800) 293-2347.
