

**To All EPC Benefit Plan Member Districts:**

**The EPC has waived all member cost-sharing, including copays, coinsurance and deductibles, for COVID-19 diagnostic testing in accordance with Centers for Disease Control and Prevention (CDC) guidelines for any members of our plans. Should a person need to be actively treated for the virus that would then be covered subject to the regular terms of the medical benefit plan design. While we do not have a direct impact on the local availability of the COVID-19 testing kits, we will gladly take questions any plan members may have. We will be in touch with further information if any details around this issue change.**

**Doug Merkle  
Benefits Director**
