

McGOHAN BRABENDER SPECIAL LEARNING CENTER WEBINAR

LEADING THROUGH DISRUPTION

In this “new-Coronavirus world”, the words of Charles Darwin have never been more true: “It is not the strongest of the species that survives, nor the most intelligent, but rather the one most adaptable to change.”

As we adapt to the current COVID-19 restrictions, many of us are not just wondering WHEN we will get back to normal but CAN we return to our normal? This crisis has impacted us as leaders, managers AND individuals and changed our physical reality but also our emotional reality. So, how DO we rebuild normal. Throughout history, times of change/chaos have created OPPORTUNITIES! But only for those willing to learn and adapt. This special virtual Learning Center workshop will provide a framework to help you and your organization navigate through this new reality and move from fear to purpose. Participants will capture key learnings from this disruption and have a chance to start working through the recent changes/emotions to find opportunities to create a better, more resilient normal. The organizations that will thrive and grow profitably in the wake of COVID-19 will be the ones that are willing to rethink and adapt how THEY approach business.
