IMPORTANT REMINDER ACTION POSSIBLY REQUIRED

Employers sponsoring group health plans are obligated to notify their employees and family members when changes occur to the group health plan, such as the changes made recently in response to the COVID-19 pandemic. Please alert your employees of those changes as soon as possible, if you haven't already. It is advisable to use the materials already produced by your carrier/TPA because the communication acts as a Summary of Material Modification (SMM), and an employer could be responsible for misstated benefits. Resources are available under the carrier section of our COVID-19 Resource Center on our website.
