

We're helping businesses reopen safely.

On-site COVID-19 Temperature Screenings

In three easy steps, we are here to help your organization establish guidelines and protocols for employees entering the facility to help prevent the spread of COVID-19.

1. On-site temperature screenings for COVID-19
2. Potential COVID-19 exposure screenings
3. COVID-19 Return to Work screenings

We can accommodate various shifts, 24/7.

Employee Assistance Program

Offered virtually and telephonically - EmployeeCare is a full-service employee assistance program (EAP). EAP is available to employees and their family members.

Employee Wellbeing

Virtual wellness offerings provide employees a comprehensive approach to self-care in these times of need.

Coping with COVID - Virtual Workshop Series

We're hosting free - live - workshops to help lessen the stress employees may be feeling. The new series begins Thursday, May 7, 2020. *Please see details in accompanying flyer.*
