Business market resources

- **PPP loan forgiveness.** Your clients with Paycheck Protection Program (PPP) loans are likely interested in loan forgiveness. The SBA recently released new guidance on this topic and our tools reflect the latest information. Use our [PPP expense tracker](#) to help them document their expenses along the way to reach maximum loan forgiveness according to their unique financials.
- **Must-have SMB insights.** See what we're learning from our panel of small- to medium-sized businesses (SMBs) and industry research—and how you can apply these insights in supporting your SMB customers. Included are resources and flexible support options from Principal® to support your customers. [Get insights](#)

Individual disability insurance

- **Additional data pages and acceptance letters now available online.** Ease of doing business is important to us. That's why

we've been updating some of our documents to provide you easier and more convenient access to your clients' correspondence—so you have less paper to deal with. [Read full story](#)

Individual life insurance

- **Obtaining medical records made easy through Human API.** Clients applying for life insurance coverage can now share their records instantly and be underwritten for life insurance coverage in up to two days. [Learn more about this time-saving solution](#)
